INSTRUCTIONS

A single application will suffice for one or combinations of the operations below provided that if more than one operation is requested on one form, such work must be performed consecutively. Once signed by the Engineering Division, this form will be sent to the operator and serve as the approved permit.

1. Plug and Abandon (Provide Well Schematic)	7. Back Wash, Acidize or Other Well Stimulation (Class I Wells Only)
2. Deepen	8. Pull Casing
3. Perforate	9. Replace Wellhead
4. Squeeze	10. Run a Liner
5. Plugback	11. Other (Any work requiring use of Workover Rig)
6. Pull Tubing/Packer	To Change Zone of Disposal/Completion submit Form UIC-32

Email all Injection Well Work Permit Applications to Injection-Mining@LA.gov, OR mail the application to the address provided in the upper right corner.

In accordance with RS 30:21, effective August 1, 2015, all Work Permit applications will be assessed a non-refundable \$125 fee, due upon submittal of this form.

To perform any of the above work types without first obtaining a work permit is a violation of the law (LAC43:XIX.105.), which carries with it possible civil and criminal penalties.
